

## Technical Data Sheet

### Desktop Gooseneck Microphone PTT Model DT-GN

#### Description

The DT-GN Desktop Microphone PTT, provides a means of placing Telex's Gooseneck Microphone, model GNM-18, in a convenient location on your desktop. It is the ideal solution when you want to optimize your workspace environment.

The desktop mount is designed to easily convert the gooseneck microphone (sold separately or included), into a desktop microphone. Connect the microphone to your system with our HB-3Plus Headset Adapter Panel (required interface, not included).

With the PTT feature, you control when the audio is in transmit mode. The red light on the top of the unit indicates when push-to-talk is active.

#### Optional

#### Gooseneck Microphone:

The Desktop Gooseneck Microphone PTT unit ships with or without **Telex's GNM-18 Gooseneck Microphone**
