

## NEXUS-IP-G1-US-IOT

Small form factor PC, IOT

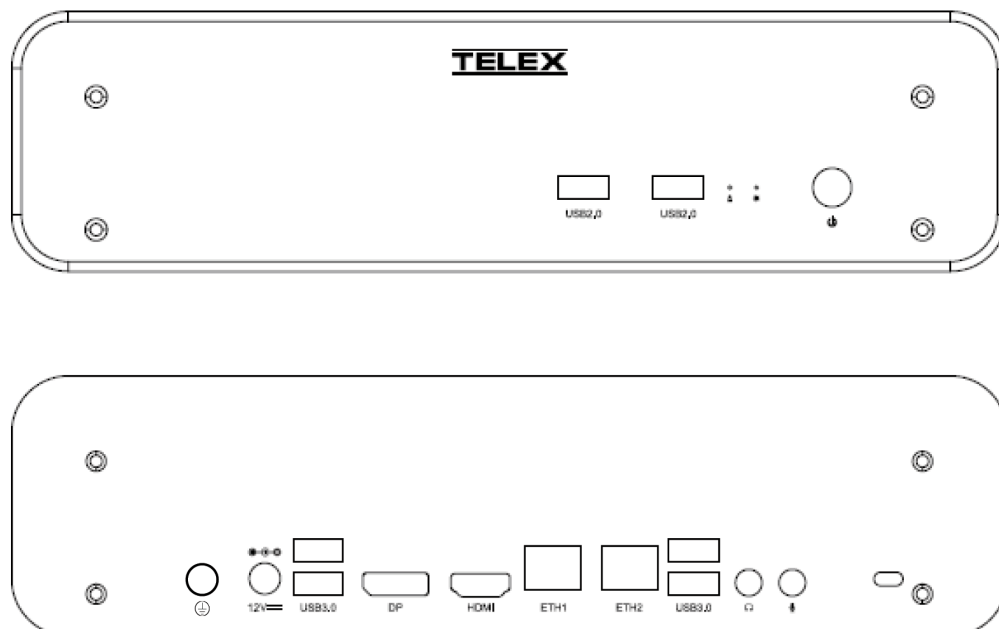

The NEXUS-IP-G1-US-IOT combines high performance and quiet operation, while taking up a fraction of the space when compared to a normal desktop PC. The included Windows 10 IoT Enterprise LTSC operating system is designed for maximum performance with the optimized hardware and Telex Radio Dispatch applications. This translates into a dispatch workstation that is easy to set up and configure. The included Seneca Backup and Restore application allows system administrators to establish a known good configuration in case the system needs to be stored.

## Features

- Designed and tuned for Telex Radio Dispatch applications
- Fast and reliable operation featuring solid state drive and two Ethernet ports.
- Ultra quiet fanless design
- Versatile mounting options
- 3-year standard warranty

## Line Drawings

# Specifications

Specifications subject to change without notice
